

April 21st 2018 National Care Home Open Day

We're always on a mission to build strong links with our local communities. We're thrilled to throw open our doors and to welcome members of the local community to spend a little time in our home to gain a greater understanding of the wonderful work our kind, caring team does 24/7, 365 days of the year.

As part of our celebrations and the warm welcome we want to extend to everyone we'll be offering tours of our home, the opportunity to meet some of the wonderful Residents who live with us and to find out more about their amazing lives.

During your visit you can enjoy:

- Delicious refreshments
